The University Coat of Arms

On 15 November 1909, the Faculty recommended to the Senate that the University of Alberta adopt the provincial Coat of Arms as its emblem, with the addition of an open book above the shield, and the motto *Lux et Lex* (Light and Law). In January 1911, the present motto, *Quaecumque vera*, was substituted for the originally proposed motto. In 1950, the form of the design was changed in keeping with the graphic style of the time, and a new description of the symbol was adopted.

In the 1980s, Dr John Schlosser, Chair of the Board of Governors, became concerned that the University of Alberta was using the provincial Coat of Arms without official heraldic authority. When Sandy Mactaggart became Chancellor in 1990, he started working with the Canadian Heraldic Authority in Ottawa to design a Coat of Arms which would be heraldically correct. He emphasized the importance of retaining the characteristics of the existing Arms of the University that have meant so much to generations of alumni, Faculty, and students.

Canada's Athabaska Herald, Mr Charles Maier, advised the University on the design of its Coat of Arms so it conforms to the traditional requirements of heraldic art. Since the Middle Ages, Coats of Arms have been regarded as honors conferred under the Sovereign's prerogative powers. In Canada, these powers are now exercised by the Governor General, who appoints heralds to provide the necessary professional expertise.

The new design was finalized in early 1994. It was presented to the University by His Excellency the Right Honourable

Ramon John Hnatyshyn, Governor General of Canada, at Convocation on 13 June 1994.

The full Coat of Arms is displayed at ceremonial occasions, such as Convocation, and is used by the Chancellor, as titular head of the University.

The symbolism of the University's Armorial Bearings (Coat of Arms) is represented by the following elements:

Shield: a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

Crest: a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and accepted symbol of knowledge.

Supporters: the Pronghorn, taken from the provincial Coat of Arms, and the golden bear, mascot of the University. Both wear collars of the University colors, as does the owl.

Compartment (base of the Coat of Arms): a grassy mound with wild roses, the floral emblem of Alberta.

Motto: *Quaecumque vera* – "Whatsoever Things Are True" (Phil 4:8)

Greetings to the Graduates

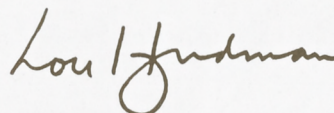

As we go through life, our progress is marked by special moments when we turn corners and new horizons open before us. This convocation of scholars celebrates the happy observance of such an important turning point in your lives. The ceremony is steeped in customs that have been passed down to us over the centuries. It is sedate, colorful, traditional, and meaningful. We hope you enjoy the experience and participate in the goodwill that permeates a day to be remembered.

By conferring its degrees, the University confirms that you have successfully fulfilled a rigorous course of study and have earned the right to enter into the collegiality of educated women and men. Be proud of what you have done, and be grateful for what the University has done for you.

Understand that the University of Alberta is not just the campus which you know so well. It is everything that our

graduates of yesterday, today, and tomorrow accomplish to make our world a better place to live in. Today you join a worldwide community of alumni, a hundred thousand strong, whose support and interest is vital to the enhancement of the quality and the value of the degrees which you receive today. Keep in touch, and never forget the University that nurtured the mind you use every day. You entered to grow in wisdom. You leave the better to serve your community and yourselves.

Welcome and Congratulations.

Louis D Hyndman
Chancellor

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge. The faculty's task is facilitated by their colleagues in the academic staff, the Faculty Service Officers, the Administrative Professional Officers and the Librarians, and the University's dedicated support staff.

The faculty, numbering some 1,600, is responsible for creating programs of study, for teaching, and for evaluating the learning of the student body, both undergraduate and

graduate. In addition, faculty members are responsible for the scholarly reputation of the University by preserving and sharing knowledge and by pursuing new ideas and knowledge through their research.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. Your achievement deserves praise. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. We would remind you of the advice given to graduates by Honorary Degree Recipient Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

I am delighted to join with your families and friends in congratulating you on the successful completion of your studies. You have reached this important milestone through a great deal of effort and hard work. You can be proud of your accomplishments.

Graduates of the University of Alberta. . . you have two supreme advantages. One is that you live in Canada. The second is that you are graduating from this fine institution. Today, you leave with a credential that opens new doors and exciting opportunities. You also take with you the memory of having attended a university that in the conduct of its own affairs provides some striking lessons in how to succeed in today's world.

For many of you, convocation may mark the end of your formal program of studies. I sincerely hope though, that you will continue to pursue learning throughout your lives.

On behalf of Premier Klein and the Government of Alberta, I wish you all success and good fortune in the future.

Sincerely,

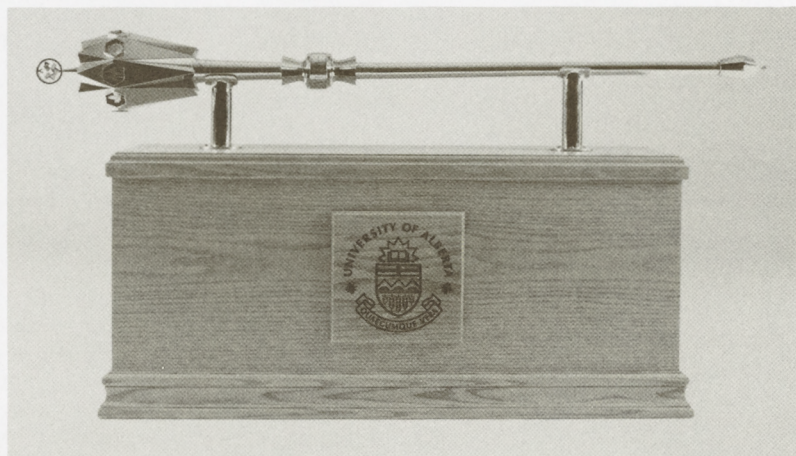

Clint Dunford, Minister
Advanced Education and Career Development

University Mace and Ceremonial Chairs

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 to 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

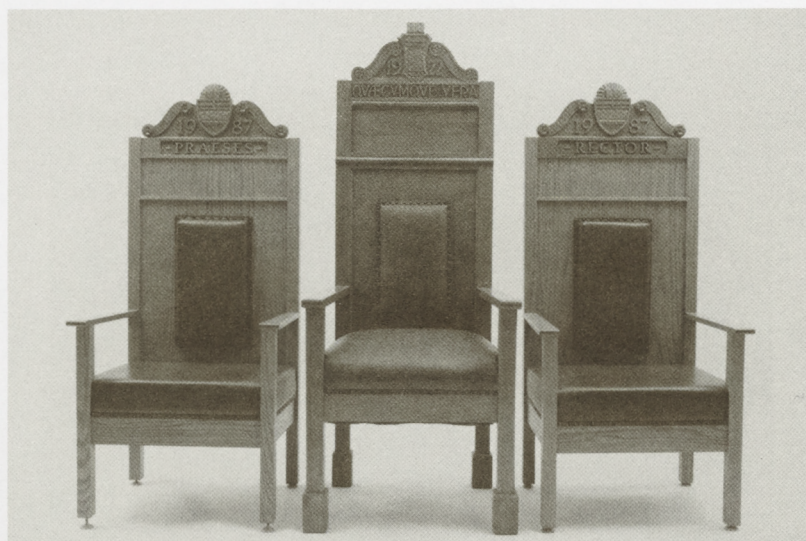

Among its elements are the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto *Quaecumque Vera* ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electro-plate process was used to apply 24 karat gold to other parts of the Mace.

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive. The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it continues to represent power, but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the fourteenth century, two forms of university organization had appeared. At Bologna, which was primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship

in the Faculty of Arts. The Master was now qualified to teach in that Faculty and was thus incorporated into the *universitas magistrorum*. The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colors the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Since they bear in themselves the promise of the future, they are what the University hopes to be. For all its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University Coimbra wear gowns. In England, in the second half of the 14th century, the statutes of certain colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns

may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as "academic." [The mortar board, the hard, square cap commonly used as academic headdress today, evolved from the softer, more flexible "square cap" that was introduced in England in about 1490 and is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.] Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. The following page provides a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a green cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered emblem of the University. University Governors and Senators wear stoles bearing the emblem of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact: Harcourt's Limited, 26-28 Duncan Street, Toronto, ON, M5V 2B9. Order forms may be obtained by contacting the Convocation Officer in the Office of the Registrar and Student Awards.

Doctorate Degrees

Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor's hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws, Letters, and Science wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

The Presentation

The Dean of the Faculty of Arts asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Royal Anthem

Please join in the singing of the anthem:

God save our gracious Queen!

Long live our noble Queen!

God save the Queen!

Send her victorious

Happy and glorious

Long to reign over us

God save the Queen!

Dieu protège la reine

De sa main souveraine!

Vive la reine!

Qu'un règne glorieux

Long et victorieux

Rende son peuple heureux,

Vive la reine!

The University Cheer Song

Please join in the singing of the University Cheer Song:

Ring out a cheer for our Alberta

A song of praise to Varsity

For the splendour of our mountains

Our prairies green and gold.

Ranked beneath whose glowing colours,

Thy legions march enrolled.

Our memories will live forever

Beloved University

We will fight for thee and cheer

And ever hold thine honor dear.

Honorary Degree Recipient

Mr Georges Henry Erasmus was born in Fort Rae, NWT in 1948, spent much of his life in Yellowknife, and currently resides in Chelsea, PQ.

Mr Erasmus has had a long and distinguished career as a leader of the Dene in the Northwest Territories and of the peoples of the First Nations. He served as President of the Dene Nation from 1976 to 1983 and as National Chief of the Assembly of First Nations from 1985 to 1991. He served as co-chairman of the recently completed Royal Commission on Aboriginal Peoples (1991–1996). In his various roles as leader he has guided first the Dene and then the First Nations through extremely turbulent times. Through the Royal Commission he helped develop practical means to resolve major issues facing Indigenous peoples in this country.

Mr Erasmus is also recognized for his reconciliation work between Canada and Canadian First Nations where he is considered to have given Canadians a model of pragmatic action aimed at achieving reasonable goals without compromising the principles of justice, fairness and mutual respect. Mr Erasmus was appointed to the Order of Canada in 1987.

The University Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Georges Henry Erasmus:

Arne Wolf's *They Say*, Berkeley, California, 1993.

The text is taken from the Creation (Genesis) story recorded in 1912 by Pliny Earle Goddard from the Katos, a tribe of the Northwest group of the Athapaska. The text is printed in red with designs in blue and is No 7 of 30 signed copies. Art Beaver, Director of the University's Office of Native Student Services has written: "This is the most thought-provoking book that I have seen. While it is written in the style of a child's foldout it demands that the reader think about what is being read. In a simple way the words carry one's thoughts into the mystical world of the creation stories that continue to be told by today's Indigenous peoples." This volume is a valuable addition to the library's collections for Native Studies and the contemporary book arts.

Graduates

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, according to the establishment date of each faculty and degree. The winner of the most prestigious award in each Faculty, if attending, is presented first.

Honorary Degree Recipient

The Honourable Mr Tatsuo Ozawa, Member of the House of Representatives in the Japanese Diet and Co-Chairman of the Japan-Canada Parliamentary Friendship League, has been an active participant in his community, his country and the world throughout his life.

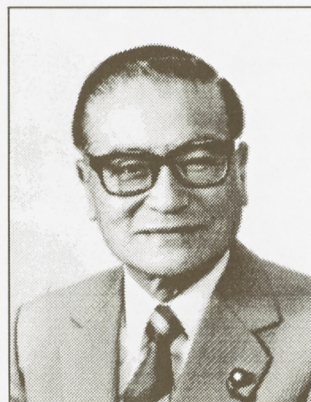

Mr Ozawa's political career was born out of his involvement with the repatriation of North Koreans in Japan following the Second World War. Through his work with the Red Cross Society, Mr Ozawa gained a reputation as a caring humanitarian who worked to protect those less fortunate. During his political career, which spans 37 years, he has held a number of senior positions within the Japanese government including Parliamentary Vice-Minister of Finance (1966-67), Minister of Construction (1974), Minister of State (1974-76) and Minister of Health and Welfare (1977-78). In 1974, as Director General for the Environment Agency, Mr Ozawa became aware of Japan's environmental concerns long before they began to make headlines; he eventually became one of the environment's strongest advocates. In 1987, as the world struggled to come to terms with the difficulties of AIDS, Mr Ozawa as Chair of the AIDS Prevention Foundation promoted the importance of education in the fight against the disease.

Mr Ozawa's international activities are extensive. He is a founding member of the Asia-Pacific Parliamentarians' Forum, has an active role in the development of a vision paper for the Asia Pacific Region to help lead them into the 21st Century and chairs the Japan-Canada Friendship League. In the latter position he developed and fostered many ties of friendship and goodwill across Canada.

The University Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Honourable Mr Tatsuo Ozawa:

Japan, Described and Illustrated by the Japanese, Captain F Brinkley (Editor), Boston, Massachusetts, 1897.

Written by eminent Japanese authorities and scholars, with an essay on Japanese art by Kazuko Okakura, this is a superb, classic study of Japanese life, culture, and art. It features splendid hand-tinted photographs individually mounted, including a reproduction of a tenth century painting of the Kose School. Bound in flower-patterned silk over boards, this is No. 12 of 25 numbered copies. It is an important addition to the library's East Asian collections.

Honorary Degree Recipient

Mr Andrew George Alexander Russell has made an invaluable contribution to the public understanding and appreciation of the natural heritage of Alberta through his lifelong dedication to the history, wildlife and environment of Alberta. In the process, he sets a remarkable example of industry and integrity for the youth of today.

Through his many books, films, lectures and radio programs (his history vignettes, which he wrote and narrated on radio, ran under the title "Our Alberta Heritage"), Mr Russell has helped Albertans and Canadians recognize the immense importance of responsible stewardship of the natural heritage of this country. His widely acclaimed work *Grizzly Country*, published in 1967, is an enduring classic and it, along with others such as *The High West*, *Memoirs of a Mountain Man*, *The Life of a River* and *The Canadian Cowboy* have enchanted hundreds of thousands of readers and continue to appear in many editions.

Long before governments created laws to protect environmental quality in the face of rapidly expanding human development, Mr Russell recognized the importance of conserving natural ecosystems for everyone. His concern, and his writings about nature and history, constitute a significant contribution to the heritage of all Albertans.

The University Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Andrew George Alexander Russell:

J C Harmon's *Crazy - the Kid; or, The Cowboy Scout*, Sioux City, Iowa, 1921.

This modest little pamphlet is exceedingly rare: the only other copy known is at the Library of Congress in Washington, DC. Harmon ran away from home as an Indiana boy, and spent his teen years (the 1860s) as a cowboy, having colorful adventures in the West with white settlers, native Americans (as friends and foes), and a girlfriend named Laura who helped him brand cattle. His journeys took him to southern Alberta, and back to Iowa, with encounters of Wild Bill Hickok and Calamity Jane. Written in plain down-home language, Harmon's vivid tales help fill out the human side of an historical period that now seems mythic.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, according to the establishment date of each faculty and degree. The winner of the most prestigious award in each Faculty, if attending, is presented first.

This Convocation Program is printed on recycled paper containing at least 55% recycled fiber including 15% post-consumer waste paper.

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table outside the doors as you exit the auditorium. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.

Thank you for your assistance.
